

## **PRESSE RELEASE**

Paris, April 22, 2025

### **Bignon Lebray advises the shareholders of SCELL-IT on the sale of the French operations of the SCELL-IT Group to Briconord**

**The SCELL-IT France teams are joining Briconord to expand the Group's offering and to establish a leading position in the French screws and fastening market.**

Founded in 1988, SCELL-IT is a French family-owned company specialising in fastening solutions.

SCELL-IT is joining Briconord, a leading French player in the hardware and home improvement sector.

This strategic acquisition enables Briconord to strengthen its portfolio, which already includes brands such as Norail, Starblock, Interger, Cime, Cqfd, Louis Moulin, Nordlinger Pro, Easy Protect and Maclean.

Through this transaction, Briconord strengthens its position as a future French leader in the screws and fastening markets.

The UK, Polish and Italian entities of the SCELL-IT Group are not affected by this transaction. These entities will soon be consolidated to form a European specialist in metal fastening solutions.

### **Bignon Lebray's involvement**

**Alexandre Ghesquière**, Partner, and **François Vibert**, Associate, in Bignon Lebray's Corporate Law, Mergers & Acquisitions department, assisted SCELL-IT in this transaction.

### **Key Players in the transaction**

#### Buyer's advisors:

Legal: Lamartine Conseil

Tax: Mamou Bocarra

Financial: Oderis

#### Seller's advisor:

Legal: Bignon Lebray

### **About SCELL-IT**

Based in Lesquin (Hauts-de-France), SCELL-IT offers a comprehensive range of blind rivets, rivet nuts and installation tools (manual, battery-powered and pneumatic). The company is also recognised in the chemical and mechanical fastening markets.

SCELL-IT employs 48 people and operates three brands: Scell-it, Atlas and Smartool. The company serves both professionals and major DIY retail chains.

### **About Briconord**

Founded in 1950, Briconord specialises in construction, home improvement and renovation. The company operates across six sites in France and the Netherlands and employs 420 people.

The Group generates annual revenue of more than €156 million, nearly 30% of which is derived from exports.

### **About Bignon Lebray**

For the past 40 years, Bignon Lebray has been one of the leading independent French business law firms, providing counsel and litigation support to economic players both nationally and internationally. The firm boasts over 100 lawyers and legal experts, including 36 partners, with diverse cultural and educational backgrounds, and professional experiences acquired both in France and abroad.

Bignon Lebray has offices in Paris, Lille, Lyon, and Aix-en-Provence.

Bignon Lebray specialises in corporate law, mergers and acquisitions, private equity, banking law, finance and capital markets, tax law, labor law, real estate law, public law and environmental law, intellectual property law, new technologies, competition law and distribution law, contract law, insolvency law, sports law, transportation law, litigation and arbitration, as well as life sciences law.

Bignon Lebray is the French member of the international network Meritas, which brings together nearly 180 law firms and 7,000 legal professionals across more than 90 countries.
